## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Twyman (5,651,259). Twyman discloses a filling vehicle fluid reservoir comprising: a vehicle air conditioner (10) which would inherently consist of an evaporator, condenser & compressor, condensation outlet (12) with a conduit (14), a central reservoir (20), a pump (30) having control means and a fluid distribution conduit (34). Furthermore flexible tubing is used at the condensate outlet and extends from a pump outlet (33) to a windshield wiper fluid reservoir (40). The said fluid reservoir includes a fluid conduit (42) having an opening (43).
